PROFILE SUMMARY

Passionate Full Stack Software Developer skilled in the **MERN stack** and **RESTful APIs**, with a strong foundation in **data structures**, **backend development**, and responsive front-end design.

TECHNICAL SKILLS

- **Languages:** Java, Python, JavaScript
- **Frontend:** HTML, CSS, Bootstrap, Tailwind CSS, React.js, Redux
- **Backend:** Node.js, Express.js
- **Database:** MySQL, MongoDB
- **Version Control:** Git, GitHub

EDUCATION

B. Tech in Computer Engineering | Dev Bhoomi Uttarakhand University, Dehradun (2026)
XII (UP Board) | Baldev Vedic Vidyalaya Inter College, Lakhimpur Kheri (2022)

PROJECTS

Wanderlust - Full Stack Travel App [[GitHub Link](#)] | [[Live Demo](#)]

- Built a travel listing web app using **Node.js**, **Express**, **MongoDB**, and **EJS**, enabling users to explore places.
- Implemented login/signup and full **CRUD** operations for listings and reviews with star rating functionality.
- Designed responsive UI with **Bootstrap**, enhancing usability across devices and improving user interaction flow.
- Deployed the project using **Git**, **GitHub**, and **Render**, demonstrating end-to-end development and deployment proficiency.

MeetSync - Video Conferencing App [[GitHub Link](#)] | [[Live Demo](#)]

- Developed real-time video conferencing using **Socket.IO**, **WebRTC**, enabling seamless peer-to-peer calls within React UI.
- Integrated **chat feature** and **JWT-auth** in backend (**Node.js/Express/MongoDB**), ensuring authenticated user messaging and secure sessions.
- Designed interface using **React.js**, enhancing user experience across devices during live calls.
- Managed full-stack deployment pipeline: **Git/GitHub**, backend Node.js, and front-end React, showcasing end-to-end development and release workflow.

Currency Converter [[GitHub Link](#)] | [[Live Demo](#)]

- Developed a currency converter web app using **HTML**, **CSS**, and **JavaScript**, allowing real-time currency conversion via an **external API**.
- Integrated exchange rate API to fetch live currency data, improving accuracy and responsiveness.
- Designed user-friendly interface for selecting currencies and entering values, enhancing usability.
- Showcased API integration and dynamic DOM manipulation via vanilla JavaScript.
